Summary

Recent computer science graduate with honors and a strong foundation in software development and engineering. Eager to apply theoretical knowledge obtained during university studies to practical, real-world projects. Highly motivated and quick to learn, with a deep passion for coding, problem-solving, and continuous self-improvement. I am seeking an entry-level position that will provide an opportunity to contribute to innovative software projects while gaining hands-on experience and expanding my technical skills.

Experience

Information Technology Intern

Eastern Cape Department of Sport, Recreation, Arts and Culture

Sep 2023 - Present (2 months)

- * Provide technical support to end-users by diagnosing and resolving hardware and software issues.
- * Assist with the installation, configuration, and maintenance of computer systems, software, and hardware.
- * Assisted in managing user accounts, permissions, and security settings to protect sensitive information.
- * Participated in the setup, configuration, and maintenance of computer systems, ensuring optimal performance
